In addition to this [Annual Report](#), the RPC staff regularly publishes two reports that are of interest to our residents, communities, representatives, developers, and other governmental agencies.

Our [Demographic Information](#), is updated as information is received. It features population projections derived from Census information and local building permit data.

Our other annual publication, [Delaware County Development Trends](#), is a more detailed look at the number of lots in the development pipeline. It presents subdivision and zoning proposals in numerous ways, not only for last year, but for the last several years and decades.

It is vital that our member communities help us keep our data current. If you see a zoning code on our website that is outdated, please alert our staff and we will make sure it is updated on the site and in our files.

On the cover: Rezoning proposal in Berlin Township, Alum Creek near Kilbourne in Brown Township, the new Jewett Road/Liberty Road roundabout, and new construction in Evans Farm, site of the 2019 Parade of Homes. Drone photos provided by the Delaware County Engineer's Office.

Mission

The Delaware County Regional Planning Commission was established to provide growth management systems, planning services and general information to all governmental entities in Delaware County, Ohio relating to land use planning and coordination of activities of regional significance.

Established in 1961, the DCRPC is the statutory planning authority for Delaware County (ORC 713.21(A)), working with all communities within Delaware County on projects of both local and regional significance, empowered (ORC 713.23(A)) to make studies, maps, plans, recommendations and reports concerning the physical, environmental, social, economic, and governmental characteristics, functions, services, and other aspects of the county, respectively. It also serves as the subdivision platting authority in unincorporated areas via ORC 711.10, working closely with local communities and county agencies such as the County Engineer, Sanitary Engineer, Soil and Water Conservation District, Health District, and other utilities to ensure development occurs in accordance with the Subdivision Regulations, local zoning, and other plans. It is required, by ORC 519.07, to serve as a review agency for all rezonings within the unincorporated areas of the county and to be a resource for other zoning-related matters such as development plan reviews and amendments. Much of this information is hosted on the DCRPC website.

Representatives

The DCRPC is comprised of one representative from each Township/Municipality participating in the funding of the Regional Planning Commission. County Commissioners and the County Engineer are representatives as are one member from the Board of Health, Sanitary Engineer Department, and Code Compliance. Members serve a three-year term commencing March 1st of each year. The Board of County Commissioners and the County Engineer serve during their tenure in office. The Executive Committee is comprised of four appointed members of the DCRPC and one Commissioner appointed by the Board of Commissioners. Executive Committee officers serve a term of one year commencing at the first regularly scheduled Executive Committee meeting in April.

Non-residential building activity

2016:21 2017:20 2018: 35

(unincorporated areas)

*Includes multi-family and single-family permits. *Some developments in Columbus utilize a zoning designation for “residential hotel.” Such uses eventually function as multi-family residential uses. These are separated in the above table: one project in 2007, three in 2013, and one in 2015.*

Population

15*
%

growth in county population from **April, 2010 to July, 2017**.

added **26,250** people to a total of **200,464**.

No. 1 fastest-growing county in the State of Ohio between 4/2010 and 7/2017.

(Union County was the fastest-growing during the period 7/2015 to 7/2017.)

* U.S. Census Bureau estimate is 15%.

2010 Census figures

58.39% increase from April 1, 2000 to April 1, 2010

64,225 new residents

to a total population of **174,214**,
making it the **22nd** fastest-growing county
in the country for the decade.

Delaware County Fastest-Growing U.S. Counties
from April 2010 - July 2017

DCRPC Projections

208,219 at the end of 2018 (14.52% growth 4/2010-2018)

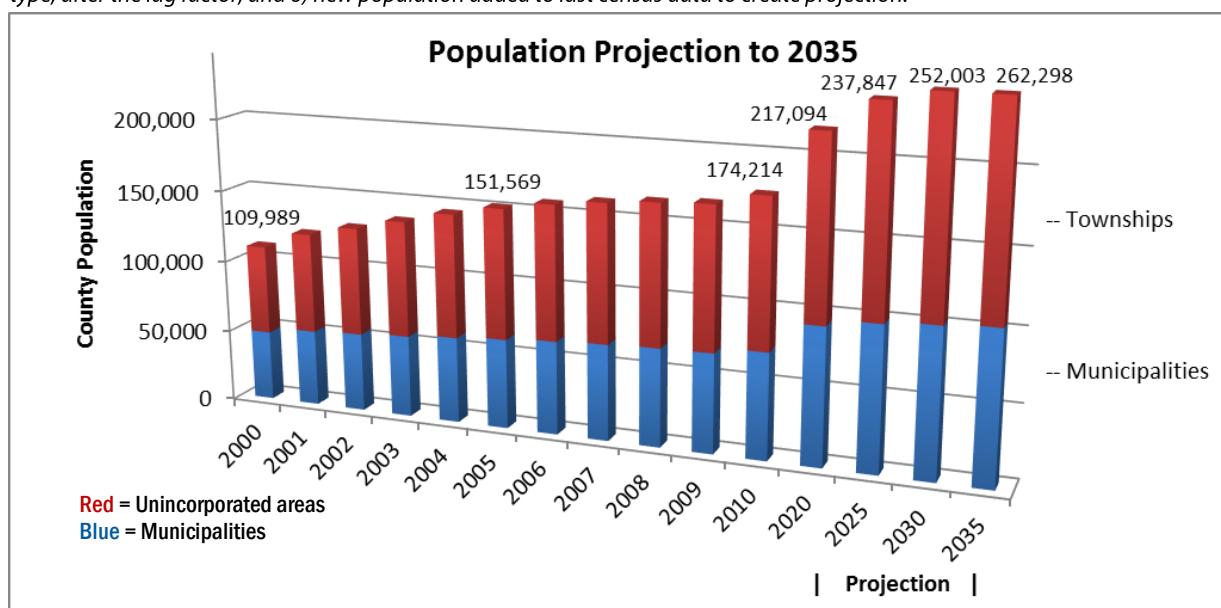

217,094 at the end of 2020 (11.23% growth 2015-2020)

237,847 at the end of 2025 (9.56% growth 2020-2025)

252,003 at the end of 2030 (5.95% growth 2025-2030)

262,297 at the end of 2035 (4.08% growth 2030-2035)

Projections are based on a Housing Unit Method with the following formula: 1) the last Census (2010) is used as a base year; 2) number of residents per dwelling unit is calculated based on census information; 3) number and type of new residential building permits for all jurisdictions; 4) a time lag anticipates the occupancy date of housing after permit issuance; 5) new population is projected for each jurisdiction based on the number of permits issued and number of residents per dwelling unit type, after the lag factor; and 6) new population added to last census data to create projection.

Road Construction

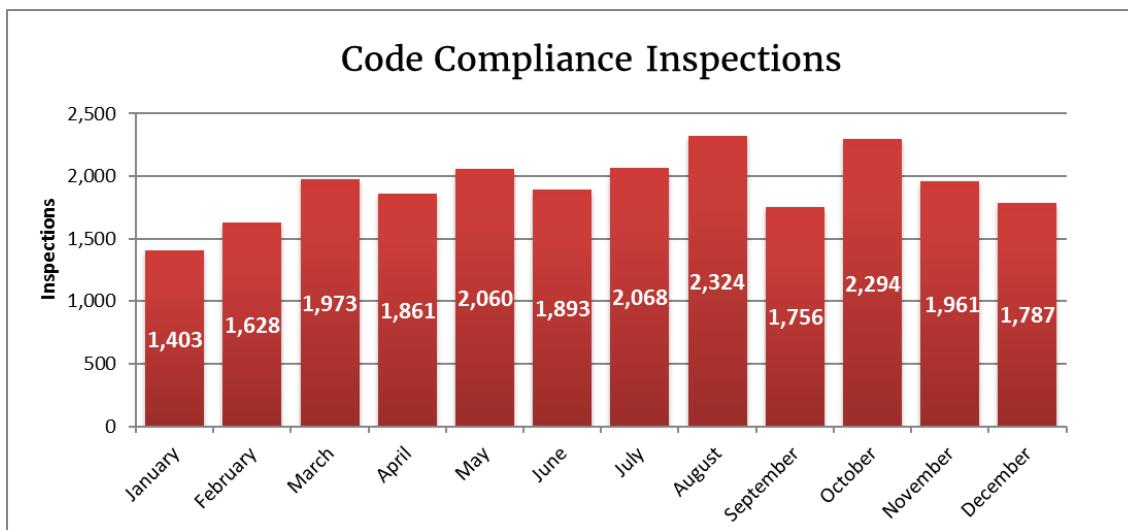

The **County Engineer** worked on several significant road and bridge projects in 2018, some of which were completed during the year. The following is a list of those projects.

Project/Road Name	Location	Description of Work	Comp. Date/Projected

Inspections

The **Code Compliance** office provides inspection and permits for residential uses in the unincorporated areas as well as in Ashley, Galena, Ostrander, and Shawnee Hills. The office handles commercial inspections in all townships except Liberty, as well as Ashley, Galena, Ostrander, and Shawnee Hills. The office also administers the Floodplain Regulations and serves as the Zoning Office for the townships under the County's zoning code (Marlboro, Radnor, and Thompson Townships). The following chart indicates the building inspections throughout 2018.

GIS

Since 2007, RPC staff has worked with the **Auditor's Office** to publish data through their website: **Proposed Subdivisions, Township Rezoning Applications, Township Zoning Maps, Township Zoning Codes**, staff reports and special projects.

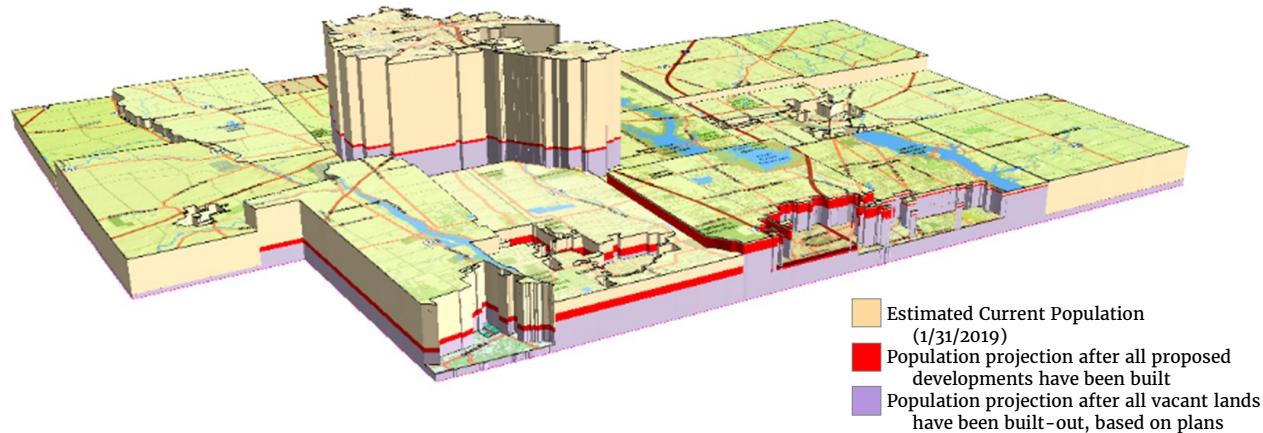

In 2018 — DCRPC continued to maintain several ArcGIS Online web maps and applications through the help of the Auditor's GIS Office. The web applications not only include pre-set web maps embedded in DCRPC's web site (Township Development Pattern, Township and Village Zoning, and Parks and Trails), but also a standalone Web Map application integrating those datasets into one site.

This year, DCRPC created and provided a password-protected web map for identifying potential mitigation sites within Delaware County, scoring parcels based on a number of environmental features. We also developed another Development Review web map for Project Tracking, for eventual use in the County's new development tracking software system.

Through these web maps, staff can create, manage, and share data layers while the public can view, inquiry, and use other interactive tools to discover and use information. DCRPC also used GIS applications to assist Berlin, Orange, Liberty, Brown, and Genoa Townships, and the Village of Galena in updating their Comprehensive Land Use Plan data. Data was also used in the U.S. 23 Corridor Study, Orange Township Comprehensive Plan, and the FLOW/Franklin Soil and Water open space project.

DCRPC maintains updated zoning maps not only for townships in Delaware County, but also for the Villages of Ashley, Galena, Ostrander, Sunbury, and Shawnee Hills. Several projects also utilize our GIS applications, including the Genoa Township Neighborhood Map, Historic Feature combination map, Economic Development TIF and JEDD projects, Delaware County Trail data, and projects utilizing Net Developable Land calculation and Build-Out Analyses. The GIS staff continues to provide high-quality, customized mapping for DCRPC members, county agencies, and the public. DCRPC is always evolving its GIS capabilities to the highest standard possible.
