RPC STAFF AND MEMBER NEWS

ADMINISTRATIVE BUSINESS

- Call to Order
- Roll Call
- Approval of the RPC Minutes March 27, 2025
- April 16, 2025 Executive Committee Minutes

A. Call to order

Chairman Shafer called the meeting to order at 8:45 a.m. Present: Joe Shafer, Gary Merrell, Ed Snodgrass and Tiffany Maag. Robin Duffee was absent. Staff: Scott Sanders and Stephanie Matlack.

B. Position Elections

Mr. Merrell made a motion to re-elect Joe Shafer, Chair, Ed Snodgrass, Vice-Chair, Tiffany Maag, 2nd Vice-Chair and Robin Duffee, Member-At-Large. Ms. Maag seconded the motion. VOTE: Unanimously For, 0 Opposed. Motion carried.

C. Approval of Executive Committee Minutes from March 19, 2025

Mr. Snodgrass made a motion to Approve the minutes from the March 19th meeting, seconded by Mr. Shafer. VOTE: Unanimously For, 0 Opposed. Motion carried.

D. New Business

1. Financial / Activity Reports for March

REGIONAL PLANNING RECEIPTS		March	YTD TOTAL
General Fees (Lot Split)	(4201)	\$2,870.00	\$4,305.00
Fees A (Site Review)	(4202)	\$800.00	\$1,200.00

Balance after receipts	\$1,276,981.74
Expenditures	<u>\$ 43,825.69</u>
End of March balance (carry forward)	\$1,233,156.05

Ms. Maag made a motion to Approve the Financial Reports as presented, subject to Audit. Mr. Snodgrass seconded the motion. VOTE: Unanimously For, 0 Opposed. Motion carried.

2. RPC Preliminary Agenda April

- a) Sketch Plans

	<u>Township</u>	<u>Lots/Acres</u>
• 7220 Harriot Road CAD	Concord	3 lots / 14 acres

- b) Zoning Map / Text Amendments
 - Orange Twp. Zoning Commission - Parkway Plaza overlay
 - Evans Farm Delaware LLC - Berlin Twp. - 11 acres - PRD/PCD to PCD/PRD
 - Harlem Twp. Zoning Comm. - Zoning Resolution amendments (C-1 and C-2)

- c) Subdivision Projects

	<u>Township</u>	<u>Lots/Acres</u>
Preliminary		
• Seven Hills of Berlin	Berlin	88 lots / 61.109 acres
• Estates at Berlin	Berlin	44 lots / 29.28 acres
• Evans Farm, Sec. 6, h. B Revised	Orange	24 lots / 3.53 acres
Final		
• Hyatts Meadows, Sec. 3, Ph. A, Lot 6790, Div. #1	Liberty	37 lots / 19.275 acres
• Woodcrest Crossing, Section 7	Liberty	44 lots / 19.759 acres
Variance / Extension		
• Weaver Custom Homes - Greyland Estates, Sec 1, Ph B. - Trenton Twp. - requesting additional extension		
• SREI Fund IV LLC - Conservancy at Duncan Run - Harlem Twp. - requesting 1 year extension		

3. Director's Report

The Partnership for a Healthy Delaware County and Health Behaviors Collaborative (Delaware Public Health District)

A group of agency directors, organizations, businesses, and residents representing multiple sectors of the county that assesses the health of the community and will develop an action plan to improve population health and drive policies, systems, and environmental change. The Collaborative acts as a subcommittee responsible for four strategies that fall within the Health Behaviors priority area of the 2023–2028 Health Improvement Plan. **Brad is part of the 2025 Micro Grant review team and is assisting with the review of 16 grant requests.**

Transportation Advisory Committee

Hosted by MORPC, these are monthly in-person meetings. **Scott attended on April 2.**

Active Transportation Committee

Hosted by MORPC, these are hybrid meetings that occur quarterly. Active transportation projects are shared – most activity is urban in nature, occurring in Columbus and suburbs. The Active Transportation Committee provides leadership and guidance in the realm of active transportation. The committee provides a forum to share information about best practices and collaborate on shared interests. The group consists of diverse representatives throughout Central Ohio including local governments, public agencies, non-profit organizations, and private interests. **Brad will be attending the April 23rd Q2 meeting. Similarly, the Ohio Active Transportation Conference is scheduled for April 29–30th, and Staff will be attending.**

Village of Galena Safety Audit – Stakeholder Workshop

MORPC is assisting the Village with a Complete Streets Safety Audit for their community. During this initial workshop, MORPC staff will provide an overview of an existing conditions assessment and key findings. The intent is to review and discuss traffic safety challenges as well as conditions for walking and bicycling in and around the Village. **Brad will be attending this meeting on April 16th.**

DCRPC-Managed Projects

Harlem Township Zoning Resolution

Staff is working with the Zoning Commission on various updates in existing sections of the Zoning Resolution. **Scott met with the Zoning Commission on April 14 and the BZC initiated the next set of changes.**

Concord Township Comprehensive Plan

Staff is working with the Zoning Commission on various updates in existing sections of the Zoning Resolution. **Scott met with the Steering Committee on April 2 – work on background chapters continues.**

Berkshire Township Zoning Project and Comprehensive Plan update

Township is working with an external consultant to study certain parts of its Zoning Resolution. **Staff is coordinating with consultant and providing GIS information and background material and is updating the full Comprehensive Plan document.**

Shawnee Hills Comprehensive Plan

Staff has been working on updating the 2016 Plan's background information over the last year. **Brad will be meeting with the Village administrator this week to receive final comments.**

Food System Capacity Building Project (contracted until September, 2025)

Collaboration between the Delaware Public Health District, DCRPC, the United Way of Delaware County, and the Delaware County Hunger Alliance (DCHA) to address food insecurity and promote healthy eating for residents within Delaware County. Staff has been contracted with Public Health for one year to complete this project, meeting with members of Public Health approximately twice a month and with the Steering Committee monthly. **Brad attended the HA Taskforce meeting on April 3rd and the Hunger Alliance meeting on March 11th.**

Project-specific/other meetings

Sunbury Parkway: ODOT is holding a stakeholder meeting and other study activity for the Sunbury Parkway interchange and extension. <https://PublicInput.com/SunburyParkway>.

US 23 Connect: The U.S. 23 Corridor Action Plan was completed in January, explaining the outcome of the 2024 Preliminary Feasibility Study and detailing proposed improvement areas. **A recent article in the Columbus Dispatch noted that the state's transportation budget included money for a specific study for a bypass. The article is included in the [Monthly Mailing](#) page.**

D. Other Business

1. The Committee discussed granting authority to the Executive Director for first request extensions. Members also discussed amending the Variance Regulations and possibly adding language that deals specifically with time extension variances. The Committee will discuss draft changes at the May Executive Committee meeting.

E. Adjourn

Having no further business, Mr. Snodgrass made a motion to adjourn the meeting at 10:00 a.m. Mr. Merrell seconded the motion. VOTE: Unanimously For, 0 Opposed. Motion carried.

The next regular Executive Committee meeting will be Wednesday, May 21, 2025 at 8:45 a.m. at 1610 State Route 521, West Conference Room, Delaware, Ohio, 43015.

• Statement of Policy

As is the adopted policy of the Regional Planning Commission, all applicants will be granted an opportunity to make their formal presentation. The audience will then be granted an opportunity to comment followed by questions from the Commission. This policy was adopted by the Regional Planning Commission to provide for the orderly discussion of business scheduled for consideration. The Chairperson may limit repetitive debate.

CONSENT AGENDA (Final Plats)

17-24 Hyatts Meadows, Sec. 3, Ph A, Lot 6790, Div.#1 – Liberty Twp. - 37 lots / 19.275 acres

Conditions

Applicant: Olentangy Falls II, Ltd. / **Engineer:** EMH & T

Subdivision Type: Single Family Planned Residential

Location: North of Hyatts Rd., east of Alicia Kelton Dr. / **Zoned:** Planned Residential (PR)

Preliminary Approval: 09/16/20

Utilities: Del-Co Water, central sanitary sewer / **School District:** Olentangy

Staff Comments

Hyatts Meadows, Section 3, Phase A was originally platted as a single large lot and intended for future development in August, 2022. This development will include 37 single-family lots and ample open space. It will complete the connections to the Olentangy Falls subdivision to the west and Hyatts Meadows, Section 2

to the east. Preliminary approval was granted on September 19, 2020 and the applicant is now requesting Final Plat approval. This project will complete the Hyatts Meadows subdivision.

The applicant has presented to the RPC Office a Final Plat (mylar) signed by the various County agencies, a requirement for Final approval.

Staff Recommendation

Staff recommends *Final Approval* of Hyatts Meadows, Sec. 3, Ph A, Lot 6790, Div.#1 to the DCRPC.

24-16.7 Woodcrest Crossing, Section 7 - Liberty Twp. - 44 lots / 19.759 acres

Conditions

Applicant: M/I Homes of Central Ohio LLC / **Engineer:** EMH & T

Subdivision Type: Single Family Residential

Location: North of Hyatts Rd., west of Steitz Rd. / **Zoned:** Planned Residential (PR)

Preliminary Approval: 12/19/19

Utilities: Del-Co Water, central sanitary sewer / **School District:** Olentangy

Staff Comments

This site was originally platted in December, 2019 in order to dedicate Steitz Road and Hyatts Road right-of-way, establish drainage easements and was intended for future development. Woodcrest Crossing, Section 7 will include 44 single-family lots, ample open space that includes a multi-use path and connect to Heather Ridge subdivision to the west and Woodcrest Crossing, Section 6 to the north. Preliminary approval was granted on December 19, 2019 and the applicant is now requesting Final Plat approval. This project will complete the Woodcrest Crossing subdivision.

The applicant has presented to the RPC Office a Final Plat (mylar) signed by the various County agencies, a requirement for Final approval.

Staff Recommendation

Staff recommends *Final Approval* of Woodcrest Crossing, Section 7 to the DCRPC.

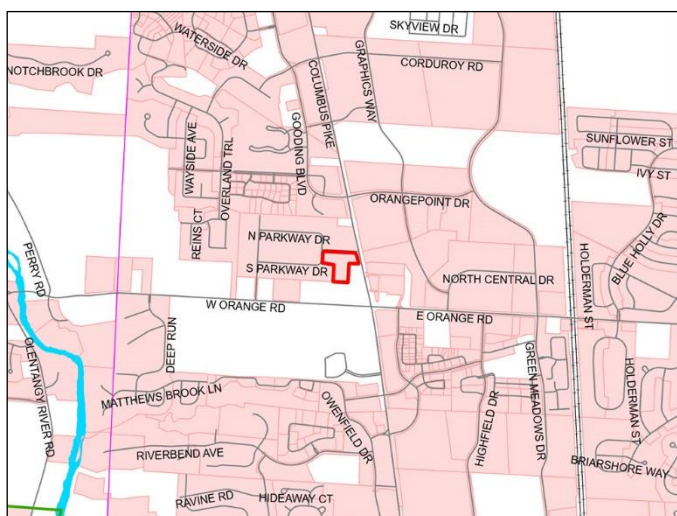

ZONING MAP/TEXT AMENDMENTS

09-25 ZON Lorgan Columbus Investments LLC - Parkway Plaza – Orange Twp. – 5.637 acres – FR-1 to RCOD

The applicant, Lorgan Columbus Investments LLC, is requesting adoption of the Route 23 Corridor Overlay District (RCOD) Overlay for the 5.806-acre site to allow for a grocery store and commercial retail space.

Introduction

The request is for application of the RCOD for the 5.637-acre site that was originally platted in 1950 in the West Orange Addition subdivision. It was developed with a home in 1951. The Orange Township Board of Trustees approved the application and development plan on April 2, 2025, which has removed the underlying zoning district.

Project Overview

The Development Plan calls for a 20,190 square foot grocery store and restaurant to be constructed in phase one and a 13,160 square foot retail building to be constructed in phase two. Other aspects of the

development indicate a private driveway with one point of ingress/egress to Parkway Drive, 166 parking spaces, a 5-foot-wide sidewalk along Parkway Drive (titled multi-use path), a 10-foot-wide multi-use path along U.S. 23, a shared access easement adjacent the Pickups Plus Cars site, one stormwater pond, an entry sign, landscaping along the perimeter and a 6-foot wood fence along residential lots. Supermarkets, Grocery Retailers, and Miscellaneous Retailers are listed as “preferred uses” in the development text. This site is included in the Commercial-Office Subarea of the RCOD, which allows for all types of commercial and office establishments and does not specify these uses as “prohibited” in any section of the RCOD.

The Pickups Plus Cars commercial business that is adjacent to the southeast was successfully rezoned in May of last year to allow an expansion. Caliber Collision is just north, and residential uses are to the west of the site within the West Orange Addition subdivision.

Platting

Based on the future creation of access easements, extensive utility easements and being that this site is currently platted as a residential subdivision, development of the site will require a plat.

No action is required of the RPC as the overlay has already been adopted by the Township Trustees.

10-25 ZON Evans Farm Delaware LLC – Berlin Twp. – 11 acres – PRD and PCD amendment

Introduction

The applicant is requesting to modify the approved PRD and PCD delineated areas within Evans Farm that are south of Hollenback Road, west of Evans Farm Drive, east of the railroad tracks, and north of Shanahan Road. When the general layout of this portion of Evans Farm was approved in 2016, the project anticipated a direct connection between Shanahan and Hollenback Road would replace the current offset configuration. Since the original approval, the County Engineer’s office has indicated a preference to keep the geometry of Shanahan, Piatt, and Hollenback in their current offset configuration, improving the intersections with roundabouts at Piatt/Hollenback and Piatt/Shanahan. Therefore, this zoning modification has been proposed to complement those changes.

An exhibit was submitted that shows the zoning modifications, which leaves the total PRD and PCD acreage unchanged (an 11-acre swap from PRD to PCD/PCD to PRD). Similarly, the PRD densities will be unchanged. No specific Development Plan has been submitted or approved for the commercial area, and all development standards will remain unchanged.

11-25 ZON Harlem Twp. Zoning Commission – Zoning Resolution amendments (C-1 and C-2)

Request

DCRPC staff has been working with the Harlem Township Zoning Commission on a number of changes over the past two years, recently working on the Neighborhood Office District (C-1) and Neighborhood Commercial District (C-2) in the zoning resolution. The Zoning Commission initiated these changes on April 14th.

Summary

C-1 (Neighborhood Office District): General language changes are intended to clarify the Permitted Uses, ensuring they fit into an office setting. Changes also add drive-thru facilities as a **Prohibited use**. A “Lot Size” section has been updated to include a minimum lot size of 2-acres. However, it also states “unless evidence can be provided that all requirements (setbacks, building size, parking, and waste treatment) can be provided.” The purpose of this language is to ensure lot size is adequate unless evidence can be provided that a smaller site can be justified. Screening is also clarified, as the intent of both of these districts is for infill development that may be close to neighboring uses.

C-2 (Neighborhood Commercial District): These are also general language changes including the addition of **permitted** uses that would typically be appropriate for small-scale retail uses; including bakeries, ice cream, private copying, mailing, mailbox services, veterinarians, and other licensed medical fields, financial consultants, exercise, fitness, health, and dance studios, computer sales and repair facilities, lawn and garden equipment sales and service. **Conditional uses** will include outdoor patios for permitted eating and drinking establishments (with limitations) and automobile repair/service facilities. **Prohibited uses** include certain drive thru facilities. The minimum lot size language will match the C-1 amendments and noise restrictions are added, included since the impacts of outdoor patios would need to be mitigated.

Staff Comments

The Noise requirement added to C-2 may also be appropriate for C-1.

Staff Recommendation

Staff recommends **Conditional Approval** of the text amendments to the Harlem Township Zoning Resolution, to the DCRPC, Harlem Twp. Zoning Commission and Harlem Twp. Trustees, *subject to:*

1. Add the word “District” to the end of the C-2 title for consistency with other districts.

12-25 ZON **Bunty and Owen Holdings LLC – Concord Twp. – 16.488 acres – FR-1 to PCD**

Request

The applicant, Bunty and Owen Holdings LLC, is requesting a 16.488-acre rezoning from FR-1 to PCD for the development of Columbus Soccer Academy – Outdoor Field.

Conditions

Location: northwest corner of Bunty State Rd. and Owen Fraley Rd.

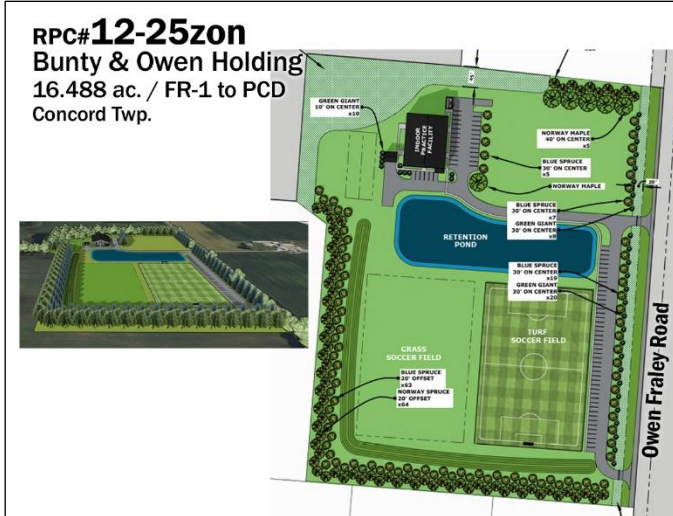

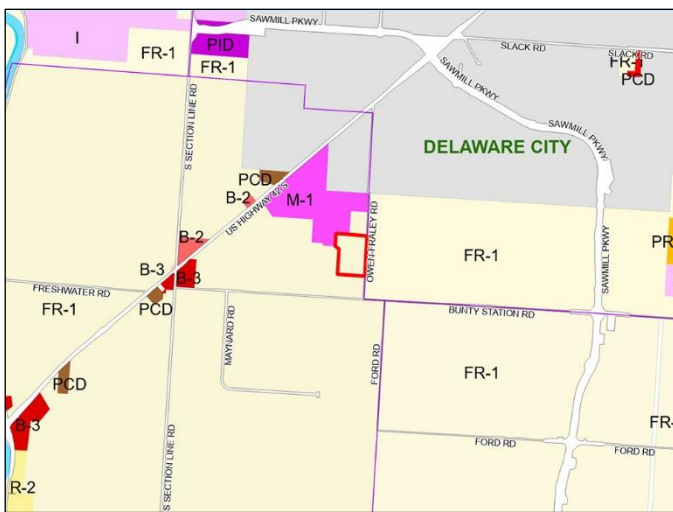

Present Zoning: Farm Residential (FR-1) / **Proposed Zoning:** Planned Commercial and Office District (PCD)

Present Use(s): vacant / **Proposed Use(s):** soccer facility/field, parking

Existing Density: 1 du / 1.5 acres **Proposed Density:** N/A

School District: Buckeye Valley / **Utilities Available:** No water service and private on-lot treatment systems

Critical Resources: none / **Soils:** BoA, PwA

Introduction

Staff notes that this project was presented to the RPC in October, 2024, but was withdrawn by the applicant at the Township Zoning Commission level. The use is generally the same, with a slight change in property boundaries and removal of a tree farm agricultural use.

The area to be rezoned fronts on Owen-Fraley Road and is just north of Bunty Station Road. This request would allow 16.488-acres to be used and developed with a 10,440 square foot maintenance/office building (with a 200 sq. ft. porch), 600 square foot portable restroom building, one turf soccer field, one grass soccer field, indoor practice facility, 82 parking spaces, a stormwater pond, and an area reserved for future on-site wastewater treatment. Columbus Soccer Academy will utilize the property primarily for soccer practice and for occasional games on the turf field. Event capacity is anticipated to be a maximum of 30 players and 60 spectators. No more than one game will be played on-site at any time, practice will be limited to two teams preparing for a game, three full-time employees (two athletic managers and a facility manager) and volunteers will assist with day-to-day activities. Hours of operations for indoor fields will be weekdays, 4:30 p.m. to 9:00 p.m., Saturdays 8:30 a.m. to 8 p.m. and Sundays 8:30 a.m. to 7:30 p.m. Hours of operation for outdoor fields will be limited.

Comprehensive Plan

Concord Township's 2021 Comprehensive Plan includes the site in Subarea V – Upper Scioto and recommends industrial zoning and uses when agriculture is no longer viable. Light industrial uses are supported in order to broaden the jobs and tax-base and to prevent property taxes from rising faster than the growth in the tax base. When commercial/industrial uses are proposed, they should provide a dense landscape buffer when adjacent to residential uses. A road connecting Bunty Station to U.S. 42 is also recommended in this area.

The use in general would be a positive addition to the township and the Plan does support the addition of active and passive recreational uses in the township. However, it is not supported for this specific site.

Issues

Traffic and access:

Two driveways will gain access from Owen-Fraley Road, and both will be gated when the fields are not in use.

Note: The applicant's response to #5/Transportation Facilities on page 11 of the submittal indicates that "Shared parking will be provided in a gravel parking lot..." This appears to be in error as the plan sheets state "Asphalt Drive," but the plan and text should clearly state the drive and parking areas will be constructed of a permitted surface.

Drainage:

A drainage plan was submitted and a stormwater pond is proposed along with roadside drainage along Owen-Fraley Road.

Signage:

A sign detail was submitted. One pole sign is proposed outside of the ROW at the entrance, not to exceed 6 sq. ft. per side and indicates "Columbus Soccer Academy" and address.

Lighting:

No exterior lighting is proposed, other than four shielded fixtures above the entrance on the proposed building.

Sanitary Treatment:

Only portable restrooms are indicated. There is an area reserved for future on-site wastewater treatment if needed.

Landscaping:

A landscaping plan was submitted. A vegetative buffer will be planted along all sides of the property to screen the use; existing trees will be located in an easement to be preserved.

Divergences

One divergence is requested:

1. **Sec. 19.06(g)** – No use shall be established and no structure shall be constructed until the site has been platted. The applicant requests the ability to split the proposed PCD lot(s) prior to occupancy through the traditional lot split process and does not feel that a plat is necessary, nor should be required. The cross-access easement and landscaping easements shall be recorded prior to the Zoning Inspector signing off on occupancy of the proposed commercial use.

Staff Comment: Based on the majority of the site being used for outdoor recreation, no easements are necessary and the lots to be split outside of this rezoning will be zoned FR-1, Staff has no concerns with this request.

Staff Comments

Staff believes the soccer fields could be an added amenity for the area and would serve the greater community. However, this property is on the fringe of what is expected to develop with industrial uses and there are other areas of the township that could support the proposed uses. Staff understands that adjacent areas have been recently subdividing into smaller tracts, impacting the ability of this area to develop industrially. If the Zoning Commission and Trustees approve the request, Staff's recommendation would be to *amend the Comprehensive Plan to reduce Industrial recommendations from parcels that don't have frontage on U.S. 42.*

Staff Recommendations

Staff recommends **Denial** of the rezoning request by Bunty & Owen Holding LLC from FR-1 to PCD to the DCRPC, Concord Twp. Zoning Commission and Concord Twp. Trustees, *based on the recommendations of the Comprehensive Plan.*

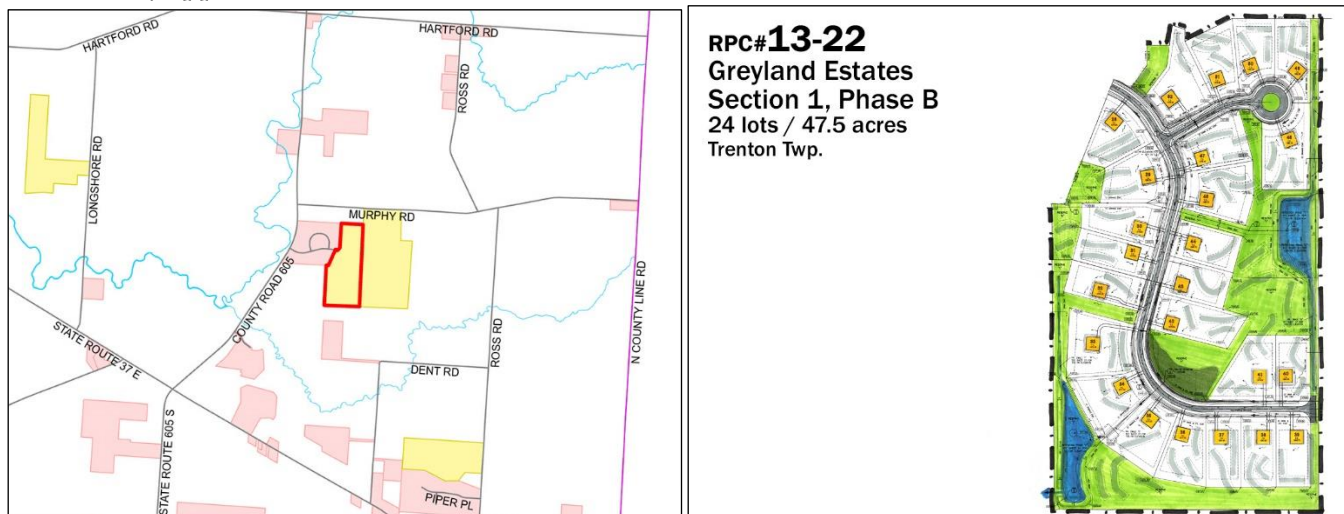

=====

VARIANCE / EXTENSION

13-22.V Weaver Custom Homes – Greyland Estates, Sec. 1, Ph. B - Trenton Twp. – requesting additional extension via Variance

Applicant: Troy Fritz, Weaver Custom Homes / **Engineer:** SJL Inc.

Preliminary approval: 04/28/22 / **Extensions:** 04/25/24 - 04/25/25

Request

The applicant, Weaver Custom Homes, is requesting a Variance for a one-year extension of the Preliminary Plan approval of Greyland Estates, Section 1, Phase B. The site is located on the east side of County Road 605, south of Murphy Road. Section 1, Phase A was recorded on October 16, 2007 and a new Preliminary plan for the remaining acreage was approved in 2022.

Facts

- 1) Section 204.04 of the Subdivision Regulations states that the Preliminary Plan shall expire if a complete Final Plat application for the first phase is not submitted within two (2) years of Preliminary Plan approval;
- 2) Greyland Estates, Section 1, Phase B received Preliminary approval on April 28, 2022;
- 3) The applicant received a one-year extension in April 2024 – April 2025; and
- 4) The applicant is requesting a one-year extension via Variance.

Criteria for a Variance

The burden is on the applicant to demonstrate in writing, each of the following:

- 1) The granting of this variance request shall not be detrimental to the public health, safety, and welfare and shall not be injurious to other property.
- 2) The conditions upon which this variance request is based are unique to the property for which this variance is sought.
- 3) Due to the physical surroundings, shape, or characteristics of the property, a particular hardship to the

owner would result, as distinguished from a mere inconvenience, if the strict letter of the Delaware County Subdivision Regulations were carried out.

- 4) The granting of this variance will not vary the provisions of the applicable zoning regulations, comprehensive plans, or other existing development guidelines and regulations, nor shall it otherwise impair the intent and purpose of these regulations, or the desirable development of the neighborhood and community.

Applicant’s Response: “Currently, we are requesting an extension for the final plat submission for the Greyland Estates, Sec. 1, Ph. B for the period of 1-year. We anticipate completion in early 2026. We are currently navigating a split-jurisdiction with the electric infrastructure.”

Staff comments: Staff understands the frustration with potential delays from utility providers; however, based on aerial imagery from March, 2025 no improvements have been made to the site. Additionally, there are ten lots still vacant in Greyland Estates, Section 1, Phase A, which are under the same ownership as Phase B.

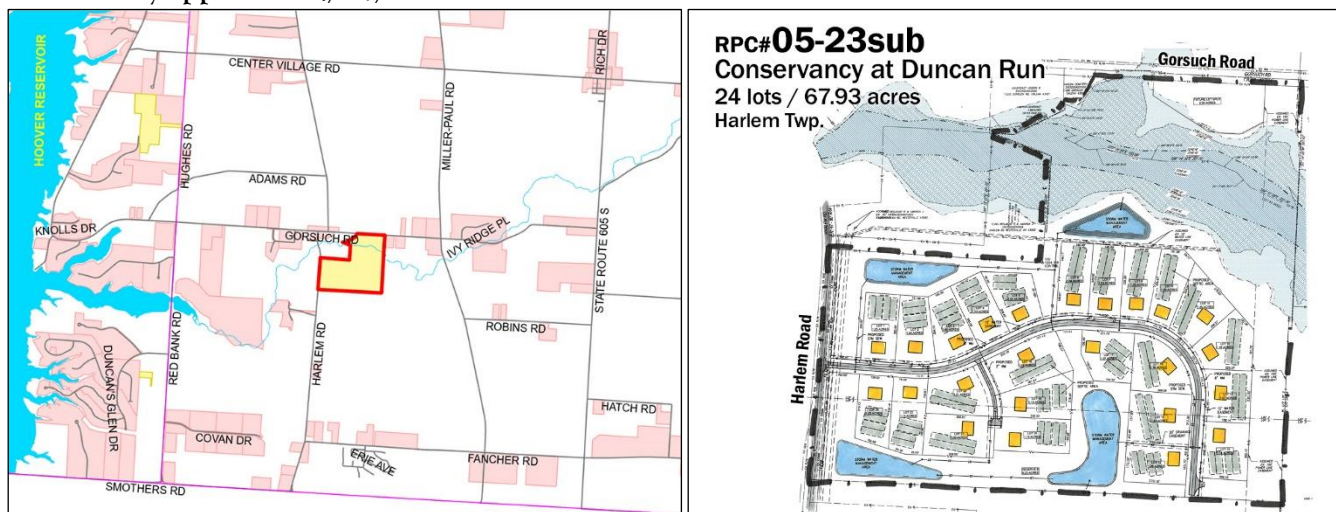

Staff Recommendation

DCRPC staff recommends that based on the Findings of Fact under Criteria for a Variance above, the variance request from Sec. 102.03 & 204.04 and a one-year extension for **Greyland Estates, Section 1, Phase B** be *Approved with the condition that no future extensions by variance be approved without substantial progress made with onsite infrastructure.*

05-23 SREI – Conservancy at Duncan Run – Harlem Twp. – requesting 1 year extension

Applicant: SREI Fund IV LLC / **Consultant:** Plan 4 Land

Preliminary approval: 04/27/23

Staff Comments

The applicant is requesting a one-year extension for the Conservancy at Duncan Run in order to complete the final engineering plans. This project includes 24 single-family lots, 34 acres of open space and a stub street to

allow for future development.

Staff Recommendation

Staff recommends *Approval* of a one-year Extension for the **Conservancy at Duncan Run** to the RPC.

SUBDIVISION PROJECTS

Preliminary

06-25 **Seven Hills of Berlin – Berlin Twp. - 88 lots / 61.109 acres**

Conditions

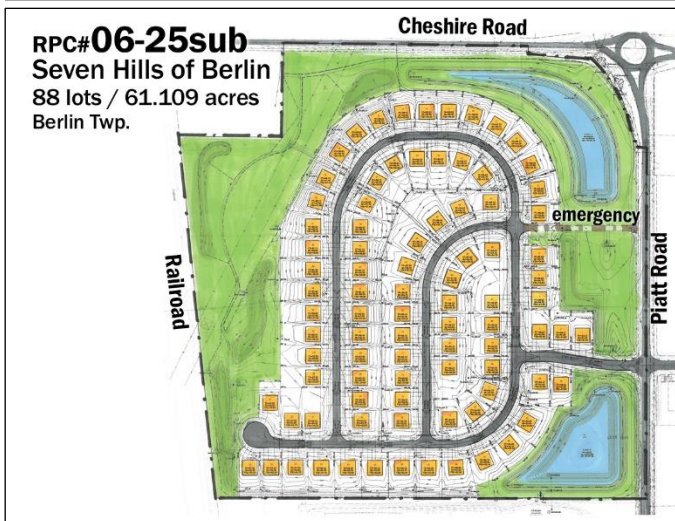

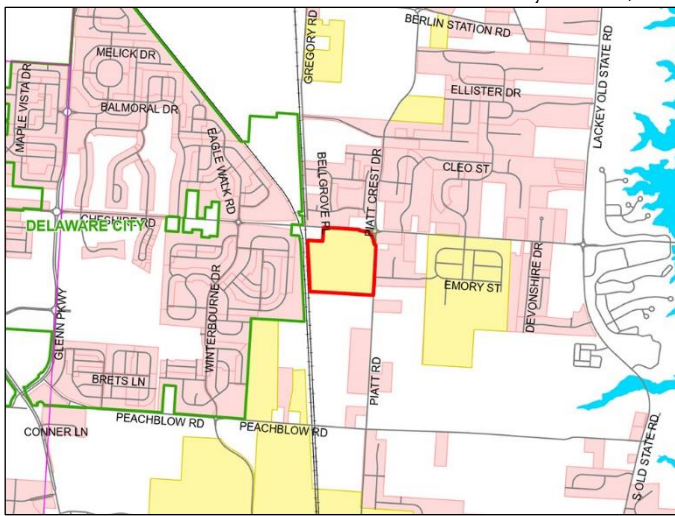

Applicant: Drees Homes / **Engineer:** Terrain Evolution

Subdivision Type: Single-Family Residential

Location: West side of Piatt Rd., south of Cheshire Rd. / **Current Land Use:** Vacant

Zoned: R-1.85/PRD / **Zoning Approval:** November 25, 2024

Utilities: Del-Co water and central sanitary sewer / **School District:** Olentangy

Staff Comments

Seven Hills of Berlin residential subdivision fronts on both Cheshire Road and Piatt Road, with railroad tracks to the west and a religious use to the south. The development will include 88 single-family lots with lot configurations and sizes ranging from 0.252-acres to 0.487-acres. Open space of 40 percent (24.588 -acres) is provided, which includes two stormwater ponds, 6 to 10-foot-wide multi-use paths, landscaping and mounding, cluster mailbox units with parking, playground, and a picnic shelter. The development will gain access from Piatt Road, include an emergency access drive north of the main entrance, and include internal public streets that terminate with a cul-de-sac to the west. Five-foot-wide sidewalks are located on both sides of the subdivision streets, which connect to multi-use paths on site. This development will occur in two phases; 42 lots in phase one and 46 lots in phase two.

A technical review was held on April 15, 2025, after which the applicant has addressed all of the required changes.

Staff Recommendation

Staff recommends *Preliminary Approval* of **Seven Hills of Berlin** to the DCRPC.

07-25 Estates at Berlin – Berlin Twp. - 44 lots / 29.28 acres

Conditions

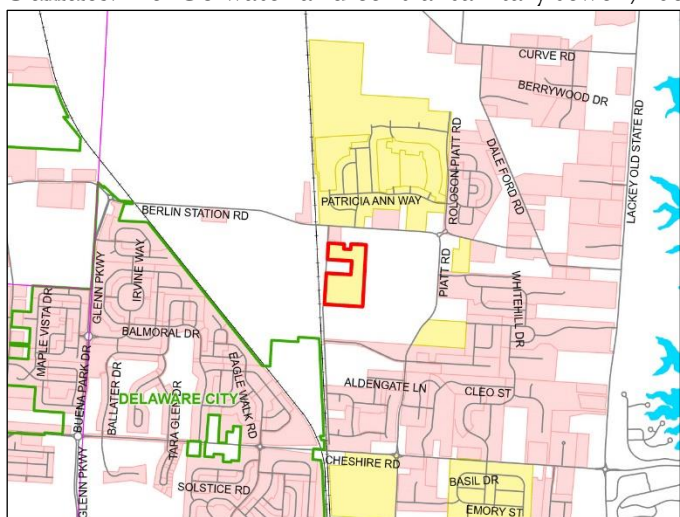

Applicant: Addison Properties / **Engineer:** Advanced Civil Design

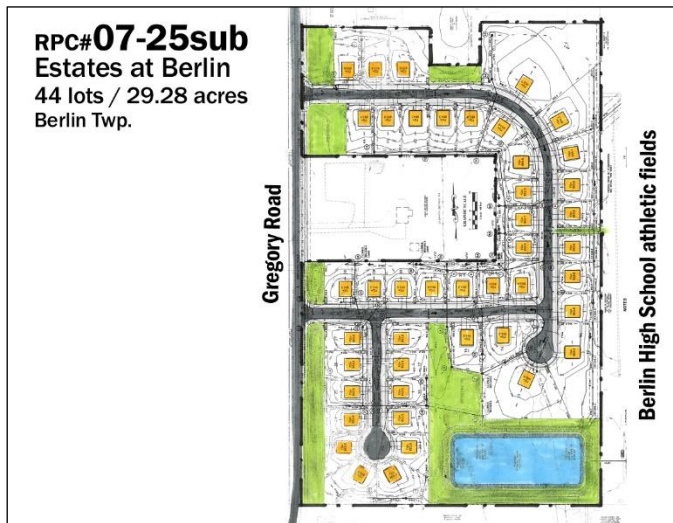

Subdivision Type: Single Family Residential

Location: East side of Gregory Rd., south of Berlin Station Rd. / **Current Land Use:** Vacant

Zoned: R-1.85/PRD / **Zoning Approval:** December 23, 2024

Utilities: Del-Co water and central sanitary sewer / **School District:** Olentangy

Staff Comments

Estates at Berlin will be a residential subdivision fronting on Gregory Road and bordered by developed single-family residential lots to the north and south and the Olentangy Berlin High School to the east. The development will include 44 single-family lots with a mix of lot configurations and sizes ranging from 12,542 square feet to two acres. Open space of 22.71 percent (6.65 acres) is provided, which includes one stormwater pond, an 8-foot-wide multi-use path that connects to the high school, landscaping and mounding, and cluster mailbox units with parking. The development will have two access points along Gregory Road and include internal public streets that terminate with two cul-de-sacs. Five-foot-wide sidewalks are located on both sides of the subdivision streets, which connect to the multi-use path. This development will occur in two phases; 25 lots in phase one and 19 lots in phase two.

A technical review was held on April 15, 2025, after which the applicant has addressed all of the required changes.

Staff Recommendation

Staff recommends *Preliminary Approval* of **Estates at Berlin** to the DCRPC.

08-25 Evans Farm, Sec. 6, Ph. B Revised – Orange Twp. - 24 lots / 3.53 acres

Conditions

Applicant: BZ Evans II, LLC and Bavelis Zenios Development, LLC. / **Engineer:** Kimley-Horn & Assoc.

RPC#08-25sub
Evans Farm Sec 6 Ph B Revised
24 lots / 3.53 acres
Orange Twp.

Staff Comments

Evans Farm, Section 6, Phase B was platted in February of this year. However, the developer wishes to revise the configuration of 24 lots of the original 51 recorded lots, which will remove two lots and allow the others to be widened. Other than these proposed lot modifications, the plat will remain as recorded (existing right-of-way, 0.639-acres of open space, and rear-alley access).

A technical review was held on April 15, 2025, after which the applicant has addressed all of the required changes.

Staff Recommendation

Staff recommends *Preliminary Approval* of **Evans Farm, Section 6, Phase B Revised** to the DCRPC.
