3. Director’s Report

Development Team Meetings

Hosted/scheduled by DCRPC, these meetings are generally quarterly and include RPC, DCEO, DCRSD, Building Safety, and Economic Development. Departments discuss project status throughout the County. **The most recent meeting was held on March 11th.**

Transportation Advisory Committee

Hosted by MORPC, these are monthly in-person meetings.

Central Ohio GIS Users Group

Hosted by MORPC, these are hybrid meetings that occur quarterly. GIS tips, tools, projects, data, maps and apps are shared by various agencies. **Brad and Da-Wei attended the March 4th meeting.**

DCRPC-Managed Projects

Radnor Township Comprehensive Plan

Staff is meeting monthly with the Radnor Township Comprehensive Steering Committee to create Radnor’s first Comprehensive Plan. Once the Plan is adopted the Township plans on adopting their own Zoning Resolution. **Brad will be presenting current chapters to the Steering Committee on March 25th, with Soil and Water presenting as a special guest.**

Concord Township Comprehensive Plan

Staff is working with the Zoning Commission on various updates in existing sections of the Zoning Resolution. **Attended Zoning Commission on March 10, moving to Trustees.**

Project-specific/other meetings

Sunbury Parkway: Interchange work is well underway. Link below has changed to the project link.

<https://www.transportation.ohio.gov/projects/projects/90200>

US 23 Connect: The U.S. 23 Corridor Action Plan was completed in January, 2025. It explains the outcome of the 2024 Preliminary Feasibility Study and details the proposed improvement areas.

<https://publicinput.com/23connect>

Additionally, the state legislature has directed ODOT to study a connection between U.S. 23 and Interstate 71. That information can be found here. <https://publicinput.com/23-71study>

Ohio Township Association – Zoning Roundtable

This is an interactive roundtable discussion designed specifically for township zoning personnel. This session provides an opportunity to share experiences, explore solutions, and discuss emerging trends in zoning and land use. **Brad will be attending this meeting on March 17th.**

Community Development Block Grant (CDBG) Meeting

This meeting is part of the planning process for the 2025–2029 Five-Year Consolidated Plan, which outlines the use of CDBG funds for community development projects, including housing, public facilities, and infrastructure to benefit low- and moderate-income residents. Plan Link:

- **Statement of Policy**

As is the adopted policy of the Regional Planning Commission, all applicants will be granted an opportunity to make their formal presentation. The audience will then be granted an opportunity to comment followed by questions from the Commission. This policy was adopted by the Regional Planning Commission to provide for the orderly discussion of business scheduled for consideration. The Chairperson may limit repetitive debate.

CONSENT AGENDA (Final Plats)

22-20 T Porshi – Orange Twp. - 19 lots / 9.68 acres

Conditions

Applicant: Porshi Development / **Engineer:** EDB International Inc.

Preliminary Approval: 10/29/20

Staff Comments

The applicant has requested a 30-day tabling of the Porshi final plat in order to complete required testing by the Delaware County Regional Sewer District.

Staff Recommendation

Staff recommends *Approval* of a 30-day tabling of **Porshi** to the DCRPC.

ZONING MAP/TEXT AMENDMENTS

06-26 ZON Harlem Twp. Zoning Commission – Zoning Resolution amendments (Articles 4, 31-36)

Request

On 03/02/26, the Harlem Township Zoning Commission initiated a number of changes to the Harlem Twp. Zoning Resolution.

Summary

Minor updates include the following:

- Redefine Net Developable Area (Acreage): added “recorded” easements “and currently existing utilities.”
- Redefine Barn: strike “accessory” and leave it as just a structure.
- Modify the Procedures to Apply for a **Mixed-Use Overlay District** and **Conservation Subdivision-Condition of Approval**: replace “unless such property is located in a joint economic development district...” with “enter into a development agreement with the Township containing terms satisfactory to the Township (the “Economic Development Agreement”) and describe the Economic Development Agreement terms. This appears to provide more flexibility for the Township to negotiate such agreements rather than limit such agreements to a specific type of district.
- Remove redundancy and inconsistency of the individual Net Developable Area (Acreage) from multiple sections and direct to Section 4.01 for a single consistent definition.

Staff Recommendation

Staff recommends Approval of the text amendments in Articles 4 and 31 through 36 of the Harlem Township Zoning Resolution, to the DCRPC, Harlem Twp. Zoning Commission and Harlem Twp. Trustees.

07-26 ZON Concord Twp. Zoning Commission – Comprehensive Plan update

Request

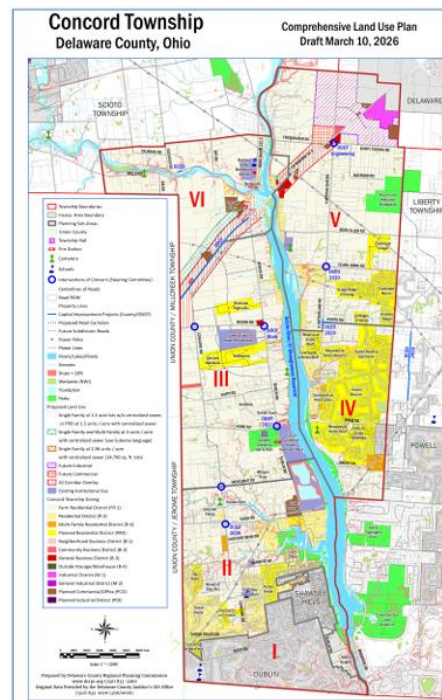

On 03/10/26, the Concord Township Zoning Commission recommended approval of an updated Comprehensive Plan to the Township Trustees.

Summary

Staff most recently completed an update to Concord Township’s Comprehensive Plan in 2015, with adoption in 2016. The Zoning Commission and Trustees made minor changes to the document in 2018 and 2021. Staff began a process in January 2025, utilizing a Steering Committee with a broad township representation. In addition to significant updates to background information, the following items were completed:

- Updated existing development information, recently completed roads, and preliminary and platted subdivisions and projects;
- Added future ODOT and DCEO road projects;

- Highlighted other intersections that the Steering Committee wanted to emphasize;
- Updated zoning district information;
- Realigned “proposed roads” based on existing plans;
- Removal of significant proposed areas of Mixed Use and Commercial uses where the City of Columbus is now building the water treatment plant;
- Removal of the single/multi-family recommended use between Merchant and Cook based on Steering Committee and community input (now max PRD at 1.5 units/acre);
- Removal of the single/multi-family recommended use on 20-acre parcel north of Dublin Storage LLC based on Steering Committee and community input (now max PRD at 1.5 units/acre);
- Increased the width of the commercial corridor along 42 to approximately 600 feet as well as additional land west of Concord, north of Moore;
- Multi-family language added as part of the U.S. 42 commercial corridor and targeted to existing highway intersections;
- New General Recommendations section starting on Page 75-77 sorted by subcommittee, and Page 90-92 sorted by topic;
- Added general information about Jerome Township and Millcreek Township comprehensive plans in areas directly west of the Township.
- Generally acknowledges the right of landowners to create 1.5-acre lots when utilities can support it, and Planned Residential Districts at 1.5 units per gross acre with a successful rezoning process;
- Staff also updated the overall [County background document](#), which will be referenced as an Appendix in the plan.

The full draft is available at <https://regionalplanning.co.delaware.oh.us/wp-content/uploads/sites/17/2026/03/Concord-Comp-Plan-2026-3.11.26.pdf>

Staff Recommendation

Staff recommends Approval of the amendments to the Concord Township Comprehensive Plan, to the DCRPC, Concord Twp. Zoning Commission and Concord Twp. Trustees.

08-26 ZON Harlem Twp. Zoning Commission – Zoning Resolution amendment (Art. 34)

Request

On 03/09/26, the Harlem Township Zoning Commission initiated one change to the Harlem Twp. Zoning Resolution.

Summary

- Add “Legal non-conforming AR-1 lots having less than 300 feet of road frontage, but not less than 235 feet of road frontage can request to be rezoned to FR-1.”
 - Staff understands that the purpose of this amendment is to avoid the appearance that rezoning such non-conforming lots causes a legal issue by changing or improving an existing non-conforming situation. Such rezonings are typically performed to allow the eventual subdivision of the lot, which results in two or more legal lots.
 - Staff notes that the current code requires lots 5 acres or larger to have 300 feet of frontage and lots that are 2 acres in size but less than 3 acres in size to have 175 feet of frontage. This modification would allow for a flag lot with the minimum required 60 feet of frontage at the right-of-way to be split, if rezoned to FR-1.

Staff Recommendation

Staff recommends Approval of the text amendments to Article 34 of the Harlem Township Zoning Resolution, to the DCRPC, Harlem Twp. Zoning Commission and Harlem Twp. Trustees.

09-26 ZON Troy Twp. Zoning Commission – Zoning Resolution amendments (Articles VIII & XV)

Request

On 03/13/26, the Troy Township Zoning Commission initiated changes to Articles VIII and XV of the Troy Twp. Zoning Resolution.

Summary

- Slightly modify FR-1 rear yard setback language; change from “...patio or other accouterments...” to “...patio or other subordinate structure...” Besides being misspelled, “accouterments” is not a term in common use to the point that it should be used in a Zoning Resolution.
- Change the PCD minimum tract size language; change from “10 acres, or as approved on the final development plan” to “as approved per the development plan.” This will assist smaller developments that are expected in a growing area.

Staff Recommendation

Staff recommends Approval of the text amendments to Articles VIII and XV of the Troy Township Zoning Resolution, to the DCRPC, Troy Twp. Zoning Commission and Troy Twp. Trustees.

OTHER BUSINESS

- Consideration for Approval: Contract for the Scioto Twp. Comprehensive Plan update.
